

Community Reinvestment Act Policy

Revised: January 2025

- I. **Purpose:** The Community Reinvestment Act of 1977 ("CRA") and the federal banking regulators' CRA Regulations were enacted to help ensure that banks meet the credit needs of their communities. The Regulations provide guidance with regard to the methods regulators will use in assessing the Bank's CRA performance. Each bank must delineate one or more "assessment areas" within which the regulators will evaluate the Bank's record of helping to meet the credit needs of its community. Each bank must also make available to the public certain CRA related information. CRA encourages lenders to establish dialogues with local community members regarding their credit needs and to make efforts, within sound credit practices, to help meet those needs. The Board of Directors recognizes its responsibility to establish and implement policies and procedures to achieve compliance with the requirements of the CRA and to serve the community's credit needs, including the needs of low and moderate income areas.
- II. **Statement:** The Board of Directors and senior management of FirstOak Bank will take an active role in assuring overall compliance with the CRA. The Board of Directors of the Bank will review and approve the Bank's CRA policy, including the reasonableness of the delineated assessment area, at least annually and after each material change. All CRA-related discussions are to be documented in minutes of the Board of Director's meetings. Further, the Board of Directors will review periodic self-assessments of the Bank's CRA compliance efforts. The Bank will make reasonable efforts to ascertain the credit needs of the community and to develop and market products and services to meet those needs. All of the Bank's directors, officers and employees are encouraged to be familiar with the Bank's CRA goals and responsibilities. It is the Bank's policy to comply with the standards imposed by CRA and related regulations by making safe and sound loans and investments and providing safe and sound services on which the Bank expects to make a profit. The Bank will develop and apply flexible underwriting standards for loans that benefit low or moderate income geographies or individuals which are consistent with safe and sound banking practices. The implementing regulations to the Community Reinvestment Act of 1977 ("CRA") were revised for small banks effective January 1, 2016 to include banks with assets under \$304 million. Small banks operating under this definition are to be evaluated under the small bank lending test. Under the small bank lending test, small banks are to be assessed by their loan-to-deposit ratio (including community development loans and qualified investments), their percentage of loans in their assessment area, their record of lending to

different income levels and businesses and farms of different sizes, the geographic distribution of their loans, and their record of taking action in response to written complaints about their performance in helping to meet credit needs in their assessment area. This bank will be prepared to be evaluated under the small bank lending test and does not elect to be assessed under the lending, investment, and services tests, does not elect to be assessed under the community development test, and has not adopted an approved CRA strategic plan.

- III. **CRA Compliance Officer:** Christi Kuehn-Culver is designated as CRA Compliance Officer, the person responsible for coordinating, documenting, and monitoring the Bank's CRA program. Shanda Chambers will serve as the backup CRA Officer. The Bank's Board of Directors recognizes that CRA regulations are subject to change and that certain CRA regulations may or may not be effective to the Bank, or may become effective to the Bank on different dates, depending on certain factors and alternative forms of CRA compliance which are available to the Bank under applicable regulations. The Board of Directors, with the guidance and assistance of the Compliance Officer, intends to ensure that the Bank complies with such regulations in a proper and timely manner. The CRA Compliance Officer's responsibilities will include reporting periodically, but not less than annually, to the Board of Directors concerning the Bank's CRA efforts, performance, and, if appropriate, areas for improvement.
- IV. **Assessment Areas:** The Bank's designated assessment areas is available in the attached Exhibit "A".
- V. **CRA Notice:** The Bank will provide in the lobby of its main office and each of its branches a public CRA Notice which conforms in form and substance with the applicable regulatory requirements as set forth in the attached Exhibit "B".
- VI. **CRA Public File:** The Bank will maintain a public file, in which it will assemble all information and documents required by then effective regulations applicable to the Bank. Upon request, the Bank will provide copies of the information in its public file to any persons requesting such information in its public file to any persons requesting such information. Such information will be provided in paper or other form acceptable to the person making the request. If the Bank charges fees for such service, the fees will be reasonable and will not exceed copying and mailing costs (if applicable). The information contained in the Bank's public file will be made available at the Bank's main office. The Bank will make available at each of its branches:
 - a. A copy of the public section of its most recent CRA performance evaluation and a list of services provided by the branch; and
 - b. Within five calendar days of a request, all the information in the public file relating to the assessment area in which the branch is located.

The Bank will update its public file in order to ensure that the information contained therein will be current as of April 1 of each year.

VII. Data Collection, Reporting, and Disclosure: The Bank will assemble, collect and maintain such CRA related information as may be required by applicable regulations in form and substance which are fully compliant with such regulations.

COMMUNITY REINVESTMENT ACT NOTICE

Under the Federal Community Reinvestment Act (CRA), the Federal Reserve Board (Board) evaluates our record of helping to meet the credit needs of this community consistent with safe and sound operations. The Board also takes this record into account when deciding on certain applications submitted by us.

Your involvement is encouraged.

You are entitled to certain information about our operations and our performance under the CRA, including, for example, information about our branches, such as their location and services provided at them; the public section of our most recent CRA performance evaluation, prepared by the Federal Reserve Bank of Kansas City (Reserve Bank); and comments received from the public relating to our performance in helping to meet community credit needs, as well as our responses to those comments. You may review this information today.

At least 30 days before the beginning of each quarter, the Federal Reserve System publishes a list of the banks that are scheduled for CRA examination by the Reserve Bank in that quarter. This list is available from Consumer Affairs Officer, Federal Reserve Bank of Kansas City, 1 Memorial Drive, Kansas City, MO 64198. You may send written comments about our performance in helping to meet community credit needs to President Brad Oakes, 113 North Penn, PO Box 868, Independence, KS 67301 and Consumer Affairs Officer, Federal Reserve Bank of Kansas City, 1 Memorial Drive, Kansas City, MO 64198. Your letter, together with any response by us, will be considered by the Federal Reserve System in evaluating our CRA performance and may be made public.

You may ask to look at any comments received by the Reserve Bank. You may also request from the Reserve Bank an announcement of our applications covered by the CRA filed with the Reserve Bank. We are an affiliate of FNB Bancshares, Inc., a bank holding company. You may request from Consumer Affairs Officer, Federal Reserve Bank of Kansas City, 1 Memorial Drive, Kansas City, MO 64198 an announcement of applications covered by the CRA filed by bank holding companies.

INSTITUTION'S COMMUNITY REINVESTMENT ACT RATING

FirstOak Bank (the bank) is rated **Satisfactory**. This rating is based on the following conclusions with respect to the performance criteria:

- The bank's net loan-to-deposit ratio (NLTD) is more than reasonable given the bank's size, financial condition, and assessment areas' (AAs) credit needs.
- A majority of the bank's loans are originated inside the AAs.
- A reasonable distribution of loans occurs throughout the bank's AAs.
- Lending reflects a reasonable distribution among individuals of different income levels, including low- and moderate-income (LMI), and businesses of different sizes.
- Neither the bank nor the Federal Reserve Bank of Kansas City (Reserve Bank) received any Community Reinvestment Act (CRA)-related complaints since the previous evaluation.

SCOPE OF EXAMINATION

Examiners utilized the Federal Financial Institutions Examination Council's (FFIEC's) *Interagency Examination Procedures for Small Institutions* to evaluate the bank's CRA performance. The evaluation considered CRA performance context, including the bank's asset size, financial condition, business strategy and market competition, as well as AA demographic and economic characteristics, and credit needs. Additionally, for home mortgage lending, emphasis was placed on the bank's performance in comparison to aggregate lending data (aggregate lending) rather than in comparison to respective demographic figures, as aggregate lending is considered representative of credit demand. Further, for commercial lending, available aggregate data for the most recent three years (2018, 2019, and 2020) was referenced for additional perspective on credit demand within the bank's AAs. Lending performance was assessed within the bank's two AAs, which include the Southeast Kansas AA in the state of Kansas and the Pueblo Metropolitan Statistical Area (MSA) AA in Colorado. Both AAs were assessed using a full scope review. Examiners reviewed the following data:

- The bank's 20-quarter average NLTD ratio;
- A statistical sample of 46 small business loans selected from a universe of 59 loans originated between January 1, 2021 and December 31, 2021; and,
- The universe of 179 home mortgage loans reported on the bank's Home Mortgage Disclosure Act (HMDA) Loan/Application Registers originated between January 1, 2020 and December 31, 2021.

In determining the overall institution rating, the bank's lending performance in the state of Kansas carried the greatest weight given the higher volume of reported loans and deposits, greater market share, and number of branch locations in the state. Specific to

the lending analysis, more emphasis was placed on small business lending given the bank is primarily a commercial lender.

DESCRIPTION OF INSTITUTION

FirstOak Bank is a community bank headquartered in Independence, Kansas. The bank's characteristics include:

- The bank is a wholly owned subsidiary of FNB Bancshares, Inc., also located in Independence, Kansas.
- The bank has total assets of \$232.0 million as of September 30, 2022.
- The bank acquired The State Bank of Kansas effective May 4, 2018, which added the branch located in Fredonia, Kansas, and approximately \$63 million in assets.
- In addition to the main office in Independence, Kansas, the bank operates one full-service branch in Pueblo, Colorado and one full-service branch in Fredonia, Kansas. The bank also operates a drive-up facility in Independence, Kansas and a limited-service branch in Elk City, Kansas, in addition to a loan production office (LPO) in Nashville, Tennessee.
- The bank operates four cash-only automated teller machines, one at each location except in Elk City, Kansas.
- As shown in Table 1, the bank's primary business focus is commercial lending followed by residential real estate lending.

Table 1

Composition of Loan Portfolio as of September 30, 2022		
Loan Type	\$(000)	%
Construction and Land Development	20,908	11.3
Farmland	21,141	11.4
1-to 4-Family Residential Real Estate	64,265	34.8
Multifamily Residential Real Estate	912	0.5
Non-Farm Non-Residential Real Estate	49,108	26.6
Agricultural	5,532	3.0
Commercial and Industrial	19,482	10.5
Consumer	3,081	1.7
Other	274	0.1
Gross Loans	184,703	100.0
<i>Note: Percentages may not total 100.0 percent due to rounding.</i>		

The bank was rated Satisfactory under the CRA at its May 7, 2018 performance evaluation. There are no known legal, financial, or other factors impeding the bank's ability to help meet the credit needs in its communities.

CONCLUSIONS WITH RESPECT TO PERFORMANCE CRITERIA¹

This performance evaluation first discusses the bank's overall performance, followed by an in-depth evaluation of the bank's performance in the states of Kansas and Colorado, including the one AA located in each of the states.

The bank's overall lending test performance is Satisfactory. This is based on a reasonable NLTD ratio, a majority of loans originated within the bank's AAs, a reasonable geographic distribution, and a reasonable borrower distribution of loans within both bank AAs. As noted, the state of Kansas was given more weight in the analysis, as was small business lending.

Net Loan-to-Deposit Ratio

This performance criterion evaluates the bank's average NLTD ratio to determine the reasonableness of lending in light of performance context, such as the bank's capacity to lend, the availability of lending opportunities, the demographic and economic factors present in the AAs, and in comparison, to similarly situated Federal Deposit Insurance Corporation (FDIC)-insured institutions. The similarly situated institutions were selected based on asset size, location, and loan portfolio composition. The bank's NLTD ratio of 82.9 percent is above the range of the four similarly situated banks and is considered more than reasonable.

Table 2

Comparative NLTD Ratios December 31, 2017 – September 30, 2022			
Institution	Location	Asset Size \$(000)	NLTD Ratio (%)
			20 Quarter Average
FirstOak Bank	Independence, Kansas	232,025	82.9
Similarly Situated Institutions			
Kansas State Bank	Ottawa, Kansas	172,114	45.4
Kanza Bank	Kingman, Kansas	278,627	74.1
ESB Financial	Emporia, Kansas	351,331	69.6
First National Bank, Cortez	Cortez, Colorado	139,953	61.9

¹ The NLTD and percentage of loans and other lending-related activity in the assessment area only apply to the institution overall. No discussion of these performance criteria applies to sections of the performance evaluation related to states, multistate metropolitan areas, and AAs.

Assessment Area Concentration

This performance criterion evaluates the percentage of lending extended inside and outside of the AAs. The bank originated a majority of loans inside the AAs by number, but outside the AAs by dollar. An additional review of the bank's total home mortgage and small business loans showed that 22 of the 225 loans, totaling \$9.7 million, were loans originated at the bank's LPO located in Nashville, Tennessee, and outside of the bank's designated AAs. The \$9.7 million represents 29.9 percent of the bank's total loan amount originated outside of the bank's designated AAs, and 18.5 percent of the bank's total loan amount originated over the 2020-2021 review period.

Table 3

Lending Inside and Outside the Assessment Areas								
Loan Type	Inside				Outside			
	#	#%	\$(000)	\$%	#	#%	\$(000)	\$%
Home Purchase - Conventional	23	46.0	2,202	16.2	27	54.0	11,428	83.8
Home Improvement	4	57.1	604	43.7	3	42.9	779	56.3
Other Purpose Closed-End	1	33.3	407	44.6	2	66.7	505	55.4
Refinancing	83	69.7	13,148	43.8	36	30.3	16,876	56.2
Total HMDA related	111	62.0	16,361	35.6	68	38.0	29,588	64.4
Small Business	39	84.8	3,820	56.3	7	15.2	2,965	43.7
Total Loans	150	66.7	20,181	38.3	75	33.3	32,553	61.7
<i>Note: Percentages may not total 100.0 percent due to rounding.</i>								

Geographic Distribution of Loans

This performance criterion evaluates the bank's distribution of lending within its AAs by income level of census tracts with consideration given to the dispersion of loans throughout the AAs. The bank's overall geographic distribution of loans reflects reasonable distribution among the different census tracts and dispersion throughout the AAs. The state ratings for Kansas and Colorado are consistent with the overall rating, and there were no material differences between the conclusions of each AA.

Lending to Borrowers of Different Income Levels and to Businesses of Different Sizes

This performance criterion evaluates the bank's lending to borrowers of different income levels and businesses of different revenue sizes. The bank's lending has an overall reasonable distribution among individuals of different income levels and businesses of different sizes. The state ratings for Kansas and Colorado are consistent with the overall rating, and there were no material differences between the conclusions of each AA.

FAIR LENDING OR OTHER ILLEGAL CREDIT PRACTICES REVIEW

Compliance with the substantive provisions of antidiscrimination and other consumer protection laws and regulations, including the Equal Credit Opportunity Act and the Fair Housing Act, was considered as part of this CRA evaluation. No evidence of a pattern or practice of discrimination on a prohibited basis or of other illegal credit practices inconsistent with helping to meet community credit needs was identified.

**STATE OF KANSAS
SOUTHEAST KANSAS ASSESSMENT AREA
NONMETROPOLITAN AREA
(Full Scope Review)**

COMMUNITY INVESTMENT ACT RATING FOR KANSAS: Satisfactory

This rating is based on the following conclusions with respect to the performance criteria:

- A reasonable distribution of loans occurs throughout the bank's AA.
- Lending reflects a reasonable distribution among individuals of different income levels, including low- and moderate-income (LMI), and businesses of different sizes.

SCOPE OF EXAMINATION

The scope of review for the state of Kansas was consistent with the overall scope for the institution. A full-scope review was conducted for the Southeast Kansas AA, which is the bank's only AA in the state and was evaluated concurrently with its overall state performance. The State of Kansas analysis included an evaluation of 31 small business loans and 82 home mortgage loans originated inside the Southeast Kansas AA.

DESCRIPTION OF THE INSTITUTION'S OPERATIONS IN KANSAS/SOUTHEAST KANSAS AA

The bank's Southeast Kansas AA consists of Montgomery and Wilson counties in their entirety (see Appendix B for an AA map and Appendix C for additional demographic data).

- The bank's AA has changed since the previous examination. The previous AA in Kansas, which included Montgomery County only, was expanded to include Wilson County and renamed the Southeast Kansas AA with the acquisition of The State Bank of Kansas, Fredonia, Kansas, effective May 4, 2018.
- In addition to its main office in Independence, Kansas, the bank operates one full-service branch in Fredonia, Kansas, one drive-up facility in Independence, Kansas, and a limited-service location in Elk City, Kansas.
- The AA is comprised of nine moderate- and eight middle-income census tracts. At the previous evaluation on May 7, 2018, the AA had one low-, one moderate-, ten middle-, and one upper-income census tracts.
- According to the June 30, 2022 FDIC Market Share Report, the bank's deposit market share was 12.6 percent for the Southeast Kansas AA, which ranked 3rd out of the 9 FDIC-insured institutions operating in the AA.

- To further augment the CRA evaluation, an interview with a member of the community within the bank's AA was conducted to ascertain the credit needs of area communities, the responsiveness of area banks in meeting those credit needs, and for perspectives on local economic conditions. The community member represented an organization focused on economic development.

Table 4

Population Change			
Assessment Area: Southeast Kansas			
Area	2010 Population	2015 Population	Percent Change
Southeast Kansas	44,880	43,245	(3.6)
Montgomery County, Kansas	35,471	34,184	(3.6)
Wilson County, Kansas	9,409	9,061	(3.7)
NonMSA Kansas	929,981	922,403	(0.8)
Kansas	2,853,118	2,892,987	1.4
Source: 2010 U.S. Census Bureau Decennial Census 2011 - 2015 U.S. Census Bureau: American Community Survey			

- At 18.4 percent, the proportion of the AA population age 65 and older is greater than the statewide figure of 14.0 percent and other non-metropolitan areas (NonMSAs) in Kansas at 17.1 percent. Further, a community member acknowledged the AA's aging population and decline in population overall as it pertains to Montgomery County, Kansas.

Table 5

Median Family Income Change			
Assessment Area: Southeast Kansas			
Area	2010 Median Family Income	2015 Median Family Income	Percent Change
Southeast Kansas	54,910	49,803	(9.3)
Montgomery County, Kansas	55,824	50,042	(10.4)
Wilson County, Kansas	52,495	49,007	(6.6)
NonMSA Kansas	57,322	57,229	(0.2)
Kansas	67,977	66,389	(2.3)
Source: 2006 - 2010 U.S. Census Bureau: American Community Survey 2011 - 2015 U.S. Census Bureau: American Community Survey			
Note: Median family incomes have been inflation-adjusted and are expressed in 2015 dollars.			

- The AA contains a concentration of families below the poverty level at 13.1 percent, which is above both the statewide figure of 9.1 percent and the non-metropolitan figure of 10.2 percent.

- Table 9 reflects an increase in home mortgage lending demand at 21.7 percent for the Southeast Kansas AA between 2018 and 2020. This figure is below the statewide and nonmetropolitan figures of 86.0 percent and 49.2 percent, respectively, over the same period.

CONCLUSIONS WITH RESPECT TO PERFORMANCE CRITERIA IN KANSAS/SOUTHEAST KANSAS AA

The bank's performance under the lending test in the Southeast Kansas AA is reasonable, and the state of Kansas is rated Satisfactory. This is based on reasonable small business and home mortgage loan penetration among geographies of different income levels, reasonable levels of lending to borrowers of different income levels, and reasonable levels of lending to businesses of different revenue sizes.

Geographic Distribution of Loans

The bank's geographic distribution of loans reflects reasonable distribution among the different census tracts and dispersion throughout the AA given relevant performance context. As referenced, there are no low-income census tracts in the AA.

Home Mortgage Lending

The geographic distribution of home mortgage lending is reasonable. The distribution of 2021 home mortgage lending in the moderate-income census tracts was comparable to aggregate lending by number and dollar volume, and comparable to the demographic figure.

The bank's lending performance for 2020 was below 2021 performance levels. However, greater weight was placed on the bank's 2021 performance based on higher lending volume in 2021, which contributed to the overall reasonable rating. Consideration was also given to the early and dramatic impacts resulting from the initial onset of the Corona Virus Disease Pandemic (pandemic) in 2020.

An evaluation of the bank's dispersion of home mortgage lending revealed no material gaps or lapses throughout the AA.

Note: Percentages may not total 100.0 percent due to rounding.													

Small Business Lending

The geographic distribution of small business lending is reasonable. The distribution of 2021 small business lending in the moderate-income census tracts was below the

demographic figure. According to the June 30, 2022 Deposit Market Share Report, there are 8 additional FDIC-insured institutions operating out of 18 offices located within the AA, one of which is a large institution with a regional branch network that operates 7 of those 18 offices. An additional analysis also determined there are five National Credit Union Administration-regulated credit unions also operating within the bank's AA.

Furthermore, information obtained from a community member indicated that the general economic conditions of Montgomery County has declined since the start of the pandemic, noting that business closings have increased, especially in the retail and restaurant sector, which is further supported by the decrease in small business loan demand illustrated in Table 8.

When factoring in the level of competition along with performance context provided by a community member, the bank's level of penetration in moderate-income census tracts is reasonable.

Lastly, an evaluation of the bank's dispersion of small business lending revealed some gaps; however, this did not impact the overall conclusion.

Table 11

<i>Note: Percentages may not total 100.0 percent due to rounding.</i>					

Lending to Borrowers of Different Income Levels and to Businesses of Different Sizes

The bank's lending has a reasonable distribution among individuals of different income levels and businesses of different sizes.

Home Mortgage Lending

The borrower distribution of home mortgage lending is reasonable. In 2021, the bank's home mortgage lending to both low- and moderate-income borrowers was below aggregate and demographic figures. The bank's total home mortgage lending in 2020 was above the performance in 2021.

Approximately 66.2 percent of low-income renters in the Southeast Kansas AA are cost burdened, which indicates an income constraint for those individuals trying to accumulate a down payment for a mortgage loan. Additionally, information obtained from a community member acknowledged that inventories of affordable housing in Montgomery County are low, especially for LMI families, which would represent a barrier for LMI borrowers to successfully obtain housing in the AA.

Further supporting the reasonable rating is the bank's participation in a loan referral program with Mortgage Investment Services Corporation (MISC) that resulted in nine home mortgage originations to LMI borrowers located in the bank's Southeast Kansas AA during the 2020 and 2021 review periods. This unique referral-based lending program helps borrowers that would not typically qualify for the bank's more conservative home mortgage lending products to potentially obtain a loan from MISC. Based on this additional supporting information, the borrower distribution of home mortgage lending is considered reasonable.

Table 12

Distribution of 2020 and 2021 Home Mortgage Lending By Borrower Income Level

Note: Percentages may not total 100.0 percent due to rounding.													
Multifamily loans are not included in the borrower distribution analysis.													

Small Business Lending

The borrower distribution of small business lending is reasonable. The bank's lending to businesses with revenues of \$1 million or less is comparable to the demographic figure, which represents the percentage of small businesses in the AA.

A review of the 3-year average aggregate lending reported by all CRA reporters in the bank's AA revealed that 39.2 percent of loans by number and 30.9 percent by dollar were made to small businesses with revenues of \$1 million or less. This aggregate lending was considered as additional context in understanding credit demand by size of businesses in the AA, which further supports the bank's reasonable small business lending performance.

**STATE OF COLORADO
PUEBLO MSA ASSESSMENT AREA
METROPOLITAN AREA
(Full Scope Review)**

COMMUNITY INVESTMENT ACT RATING FOR COLORADO: Satisfactory

This rating is based on the following conclusions with respect to the performance criteria:

- A reasonable distribution of loans occurs throughout the bank's AA.
- Lending reflects a reasonable distribution among individuals of different income levels, including low- and moderate-income (LMI), and businesses of different sizes.

SCOPE OF EXAMINATION

The scope of review for the state of Colorado was consistent with the overall scope for the institution. A full-scope review was conducted for the Pueblo MSA AA, which is the bank's only AA in the state and was evaluated concurrently with its overall state performance. The State of Colorado analysis included an evaluation of 8 small business loans and 29 home mortgage loans originated inside the Pueblo MSA AA.

DESCRIPTION OF THE INSTITUTION'S OPERATIONS IN COLORADO/PUEBLO MSA AA

The bank's Pueblo MSA AA consists of the entire Pueblo, Colorado MSA, which is comprised of Pueblo County in its entirety (see Appendix B for an AA map and Appendix C for additional demographic data).

- The bank's AA has not changed since the previous examination.
- The bank operates one full-service branch in Pueblo, Colorado.
- The AA is comprised of 3 low-, 16 moderate-, 18 middle-, 15 upper-, and 3 unknown-income census tracts. At the previous evaluation on May 7, 2018, the AA was comprised of 4 low-, 16 moderate-, 17 middle-, 15 upper-, and 3 unknown-income census tracts.
- According to the June 30, 2022 FDIC Market Share Report, the bank's deposit market share was 3.5 percent for the Pueblo, Colorado MSA AA, which ranked 9th out of the 14 FDIC-insured institutions operating in the county.
- An interview with a community member within the bank's AA was conducted to ascertain the credit needs of the communities, the responsiveness of area banks in meeting those credit needs, and the local economic conditions. The community member represented an area economic development organization.

Table 14

Population Change Assessment Area: Pueblo MSA			
Area	2010 Population	2015 Population	Percent Change
Pueblo MSA	159,063	161,519	1.5
Colorado	5,029,196	5,278,906	5.0
Source: 2010 U.S. Census Bureau Decennial Census 2011 – 2015 U.S. Census Bureau: American Community Survey			

- At 16.5 percent, the proportion of the AA population age 65 and older is greater than the statewide figure of 12.2 percent. This figure was further supported when a community member acknowledged that Pueblo County's residents consist of a significantly older population.

Table 15

Median Family Income Change Assessment Area: Pueblo MSA			
Area	2010 Median Family Income	2015 Median Family Income	Percent Change
Pueblo MSA	54,995	51,986	(5.5)
Colorado	76,277	74,826	(1.9)
Source: 2006 – 2010 U.S. Census Bureau: American Community Survey 2011 – 2015 U.S. Census Bureau: American Community Survey Note: Median family incomes have been inflation-adjusted and are expressed in 2015 dollars.			

- The AA contains a concentration of families below the poverty level at 15.1 percent, which is above the statewide figure of 8.5 percent.

Table 16

Housing Cost Burden Assessment Area: Pueblo MSA						
Area	Cost Burden — Renters			Cost Burden — Owners		
	Low Income	Moderate Income	All Renters	Low Income	Moderate Income	All Owners
Pueblo MSA	74.4	46.2	49.2	61.9	42.0	22.2
Colorado	80.3	56.4	46.4	65.8	43.6	21.5
Cost Burden is housing cost that equals 30 percent or more of household income. Source: U.S. Department of Housing and Urban Development (HUD), 2014-2018 Comprehensive Housing Affordability Strategy						

- The median housing value in the AA at \$138,626 is below the statewide figure of \$247,800.
- The AA median gross rent of \$774 is below the statewide figure of \$1,002.

Table 17

Unemployment Rates					
Assessment Area: Pueblo MSA

Colorado	2.6	3.0	2.6	6.9	5.4
<i>Source: Bureau of Labor Statistics: Local Area Unemployment Statistics</i>					

- The major industries operating in the AA include health care & social assistance, retail trade, and educational services.
- A community member indicated the largest employers in the AA include CS Wind, the Convergys Corporation, Target Distribution Center, EVRAZ steel mill, and Atlas Pacific Engineering.

CONCLUSIONS WITH RESPECT TO PERFORMANCE CRITERIA IN COLORADO/PUEBLO MSA AA

The bank's performance under the lending test in the Pueblo MSA AA is reasonable and the state of Colorado is rated Satisfactory. This is based on reasonable small business and home mortgage loan penetrations among geographies of different income levels, reasonable levels of lending to borrowers of different income levels, and reasonable levels of lending to businesses of different revenue sizes.

Geographic Distribution of Loans

The bank's geographic distribution of loans reflects reasonable distribution among the different census tracts and dispersion throughout the AA.

Home Mortgage Lending

The geographic distribution of home mortgage lending is reasonable. The distribution of 2021 home mortgage lending in low-income census tracts was comparable to aggregate lending by number and dollar volume, and to the demographic figure. The distribution of 2021 home mortgage lending in moderate-income census tracts was comparable to aggregate lending by number, below by dollar volume, and comparable to the demographic figure.

The bank's lending performance for 2020 was below 2021 performance levels. However, greater weight was placed on the bank's 2021 performance based on higher lending volume in 2021, which contributed to the overall reasonable rating. Consideration was also given to the early and dramatic impacts resulting from the initial onset of the pandemic in 2020.

An evaluation of the bank's dispersion of home mortgage lending revealed significant gaps, including in LMI tracts. However, when considering the relatively low numbers of bank loans originated in an AA comprised of 55 census tracts in total, including 19 LMI census tracts, the lending dispersion did not impact the overall conclusion.

Table 18

Source: 2021 FFIEC Census Data													
2011-2015 U.S. Census Bureau: American Community Survey													
Note: Percentages may not total 100.0 percent due to rounding.													

Small Business Lending

The geographic distribution of small business lending is reasonable. The distribution of 2021 small business lending in low-income census tracts was above the demographic figure. Comparatively, lending in the moderate-income census tracts was below the demographic figure.

While the bank does not report CRA data, a review of the 3-year average aggregate lending (2018 - 2020) reported by all CRA-reporters in the AA revealed that 2.6 percent of loans by number and 3.2 percent by dollar were made in low-income census tracts, while loans at 22.4 percent by number and 20.9 percent by dollar were made in moderate-income census tracts to small businesses. Aggregate CRA data is not used as a direct comparator for performance; however, it reflects small business loan demand in the area, which further supports the bank's reasonable small business lending performance. As such, when evaluating the bank's combined lending performance within LMI census tracts, the bank's performance is considered reasonable.

Lastly, an evaluation of the bank's dispersion of small business lending revealed significant gaps. However, when considering the low number of bank loans originated in

an AA comprised of 55 census tracts in total, including 19 LMI census tracts, this did not impact the overall conclusion.

Lending to Borrowers of Different Income Levels and to Businesses of Different Sizes

The bank's lending has a reasonable distribution among individuals of different income levels and businesses of different sizes.

Home Mortgage Lending

The borrower distribution of home mortgage lending is reasonable. In 2021, the bank's home mortgage lending to low-income borrowers was comparable to aggregate lending but below the demographic figure. Lending to moderate-income borrowers was comparable to both aggregate lending and the demographic figure. The bank's total home mortgage lending in 2020 was comparable to the overall performance in 2021.

Information obtained from a community member acknowledged there is a significant shortage of homes and rental properties affordable for LMI individuals in the area. The community member referenced a recent housing study conducted in 2021 by the City of Pueblo's Housing and Citizen Services which indicated that the "for-sale" housing market in Pueblo County is operating on less than one month's supply, with an average loan price exceeding \$300,000.

Note: Percentages may not total 100.0 percent due to rounding.													
Multifamily loans are not included in the borrower distribution analysis.													

Small Business Lending

The borrower distribution of small business lending is reasonable. The bank's lending to businesses with revenues of \$1 million or less is comparable to the demographic figure, which represents the percentage of small businesses in the AA.

A review of the 3-year aggregate lending reported by CRA reporters in the bank's AA revealed that 45.7 percent of loans by number and 36.1 percent by dollar were made to small businesses with revenues of \$1 million or less. This aggregate lending was considered as additional context in understanding credit demand by size of businesses in the AA, which further supports the bank's reasonable small business lending performance.

APPENDIX D – GLOSSARY

Aggregate lending: The number of loans originated and purchased by all reporting lenders in specified income categories as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

Census tract: A small subdivision of metropolitan and other densely populated counties. Census tract boundaries do not cross county lines; however, they may cross the boundaries of metropolitan statistical areas. Census tracts usually have between 2,500 and 8,000 persons, and their physical size varies widely depending upon population density. Census tracts are designed to be homogeneous with respect to population characteristics, economic status, and living conditions to allow for statistical comparisons.

Community development: Affordable housing (including multifamily rental housing) for low- or moderate-income individuals; community services targeted to low- or moderate-income individuals; activities that promote economic development by financing businesses or farms that meet the size eligibility standards of the Small Business Administration's Development Company or Small Business Investment Company programs (13 CFR 121.301) or have gross annual revenues of \$1 million or less; or, activities that revitalize or stabilize low- or moderate-income geographies, designated disaster areas; or designated distressed or underserved nonmetropolitan middle-income geographies.

Consumer loan(s): A loan(s) to one or more individuals for household, family, or other personal expenditures. A consumer loan does not include a home mortgage, small business, or small farm loan. This definition includes the following categories: motor vehicle loans, credit card loans, other secured consumer loans, and other unsecured consumer loans.

Family: Includes a householder and one or more other persons living in the same household who are related to the householder by birth, marriage, or adoption. The number of family households always equals the number of families; however, a family household may also include nonrelatives living with the family. Families are classified by type as either a married-couple family or other family, which is further classified into 'male householder' (a family with a male householder and no wife present) or 'female householder' (a family with a female householder and no husband present).

Full-scope review: Performance is analyzed considering performance context, quantitative factors (for example, geographic distribution, borrower distribution, and total number and dollar amount of investments), and qualitative factors (for example, innovativeness, complexity, and responsiveness).

Geography: A census tract delineated by the United States Bureau of the Census in the most recent decennial census.

Home Mortgage Disclosure Act (HMDA): The statute that requires certain mortgage lenders that do business or have banking offices in a metropolitan statistical area to file annual summary reports of their mortgage lending activity. The reports include such data as the race, gender, and the income of applications, the amount of loan requested, and the disposition of the application (for example, approved, denied, and withdrawn).

Home mortgage loans: Includes home purchase and home improvement loans as defined in the HMDA regulation. This definition also includes multifamily (five or more families) dwelling loans, loans for the purchase of manufactured homes and refinancings of home improvement and home purchase loans.

Household: Includes all persons occupying a housing unit. Persons not living in households are classified as living in group quarters. In 100 percent tabulations, the count of households always equals the count of occupied housing units.

Limited-scope review: Performance is analyzed using only quantitative factors (for example, geographic distribution, borrower distribution, total number and dollar amount of investments, and branch distribution).

Low-income: Individual income that is less than 50 percent of the area median income, or a median family income that is less than 50 percent, in the case of a geography.

Market share: The number of loans originated and purchased by the institution as a percentage of the aggregate number of loans originated and purchased by all reporting lenders in the metropolitan area/assessment area.

Metropolitan area (MA): A metropolitan statistical area (MSA) or a metropolitan division (MD) as defined by the Office of Management and Budget. A MSA is a core area containing at least one urbanized area of 50,000 or more inhabitants, together with adjacent communities having a high degree of economic and social integration with that core. A MD is a division of a MSA based on specific criteria including commuting patterns. Only a MSA that has a population of at least 2.5 million may be divided into MDs.

Middle-income: Individual income that is at least 80 percent and less than 120 percent of the area median income, or a median family income that is at least 80 percent and less than 120 percent, in the case of a geography.

Moderate-income: Individual income that is at least 50 percent and less than 80 percent of the area median income, or a median family income that is at least 50 percent and less than 80 percent, in the case of a geography.

Multifamily: Refers to a residential structure that contains five or more units.

Nonmetropolitan area (NonMSA): Any area that is not located within an MSA.

Other products: Includes any unreported optional category of loans for which the institution collects and maintains data for consideration during a CRA examination. Examples of such activity include consumer loans and other loan data an institution may provide concerning its lending performance.

Owner-occupied units: Includes units occupied by the owner or co-owner, even if the unit has not been fully paid for or is mortgaged.

Qualified investment: A qualified investment is defined as any lawful investment, deposit, membership share, or grant that has as its primary purpose community development.

Rated area: A rated area is a state or multistate metropolitan area. For an institution with domestic branches in only one state, the institution's CRA rating would be the state rating. If an institution maintains domestic branches in more than one state, the institution will receive a rating for each state in which those branches are located. If an institution maintains domestic branches in two or more states within a multistate metropolitan area, the institution will receive a rating for the multistate metropolitan area. For these institutions, no state ratings will be received unless the bank also maintains deposit facilities outside of the multistate metropolitan area. CRA activity is captured in either a state rating or a multistate metropolitan area rating, but not both.

Small loan(s) to business(es): A loan included in 'loans to small businesses' as defined in the Consolidated Report of Condition and Income (Call Report) instructions. These loans have original amounts of \$1 million or less and typically are either secured by nonfarm or nonresidential real estate or are classified as commercial and industrial loans. However, thrift institutions may also exercise the option to report loans secured by nonfarm residential real estate as 'small business loans' if the loans are reported on the TFR as nonmortgage, commercial loans.

Small loan(s) to farm(s): A loan included in 'loans to small farms' as defined in the Consolidated Reports of Condition and Income (Call Report) instructions. These loans have original amounts of \$500,000 or less and are either secured by farmland or are classified as loans to finance agricultural production and other loans to farmers.

Upper-income: Individual income that is more than 120 percent of the area median income, or a median family income that is more than 120 percent, in the case of a geography.

Value-Added Benefits

Save When You Play

Travel and Leisure Discounts

Money-saving discounts from thousands of local and national businesses. Members can redeem and print coupons online or access discounts from a mobile device. Digital Access makes saving super easy and convenient, giving instant savings anywhere and anytime. (available via mobile or web only)

\$Shopping Rewards™

Receiving \$Shopping Rewards is simple! As a member, you have access to exclusive offers and discounts at thousands of leading online retailers. Simply shop online using our customized shopping portal and receive cash back. Your cash back can be held in your \$Shopping Rewards account to use towards future purchases or conveniently sent to you as a check. Yes, it's that easy! (registration/activation required; available via mobile or web only)

Feel Confident with IDProtect®

You can rest easy knowing that IDProtect, our identity theft monitoring and resolution service¹, can help better protect your identity.

Identity Theft Expense Reimbursement Insurance²

Receive up to \$5,000 Identity Theft Expense Reimbursement Coverage for expenses associated with restoring your identity.

Comprehensive Identity Theft Resolution Services

Should you suffer identity theft, your very own dedicated fraud resolution specialist will help you every step of the way until your identity is restored.

Debit and Credit Card Registration

Register your credit, debit and ATM cards and have peace of mind knowing you can call one toll-free number to cancel and request replacement cards should your cards become lost or stolen. (registration/activation required)

Credit File Monitoring

Daily credit file monitoring and automated alerts of key changes to your credit report. (registration/activation required)

Credit Report and Score³

Access to credit report and credit scores. (registration/activation required)

Credit Score Tracker

Receive valuable insight into your credit score^{3,4}. (registration/activation required)

Identity Monitoring

Monitoring of more than 1,000 databases and public records to identify suspicious activity, including credit header information, phone records, United States Postal Service records, and more. (registration/activation required)

Online Identity Theft News Center and Valuable Phone and Web Resources

(registration/activation required)

Financial Wellness 360°

Access your financial wellness platform with unlimited one-on-one coaching, interactive courses, videos, booklets, infographics, and more to help maximize financial wellness. (available via mobile or web only)

Help Protect from Unexpected Losses

Accidental Death & Dismemberment Insurance²

Receive up to \$5,000 24-hour Accidental Death & Dismemberment Insurance. (Coverage divides equally on joint accounts and reduces by 50% at age 70.)

Cellular Telephone Protection²

Receive up to \$400 of replacement or repair costs if your cell phone is stolen or damaged, in the U.S. and abroad. \$50 deductible applies. Up to two claims per twelve month period. Covers up to four phones on a cellular telephone bill. (Cellular telephone bill must be paid through the FirstOak Rewards Checking Account.)

Debit Advantage®

Buyers Protection² covers items for 90 days from the date of purchase against accidental breakage, fire or theft. Extended Warranty² extends the U.S. manufacturer's original written warranty up to one full year on most new retail purchases if the warranty is less than five years. (Item(s) must be purchased entirely with this account for coverage.)

Roadside Assistance Service²

24-hour coverage for roadside assistance services including vehicle towing, fuel/oil/fluid/water delivery, and battery/lock-out/tire assistance up to \$100 per occurrence. Maximum of two occurrences per twelve month period.

Save on Health Care

Health Discount Savings

Enjoy savings on vision, prescriptions and dental services. This is NOT insurance. (registration/activation required)

A \$5.00 monthly service fee will apply; just \$3.00 for those ages 60 years old or older. The monthly service fee will be waived when you have an average daily balance of \$2,500.

FirstOak Rewards Plus Checking

FirstOak Rewards Plus Financial Features include:

- Free Online Mobile Banking
- Free Mobile Deposit
- Free Debit Card
- Free Paper Statement
- Earns Interest*

FirstOak Rewards Plus Checking Includes all the benefits of FirstOak Rewards Checking with Additional Coverage

Accidental Death & Dismemberment Insurance²

Receive up to \$10,000 24-hour Accidental Death & Dismemberment Insurance. (Coverage divides equally on joint accounts and reduces by 50% at age 70.)

Identity Theft Expense Reimbursement Insurance²

Receive up to \$10,000 Identity Theft Expense Reimbursement Coverage for expenses associated with restoring your identity.

Cellular Telephone Protection²

Receive up to \$600 of replacement or repair costs if your cell phone is stolen or damaged, in the U.S. and abroad. \$50 deductible applies. Up to two claims and maximum of \$1,000 per twelve month period. Covers up to four phones on a cellular telephone bill. (Cellular telephone bill must be paid through the FirstOak Rewards Plus Checking Account.)

A \$6.00 monthly service fee will apply; just \$4.00 for those ages 60 years old or older. The monthly service fee will be waived when you have an average daily balance of \$2,500.

*The information above is accurate as of the effective date. Interest Rates may change after an account is opened and these rates will be posted as of their effective date. Maintenance and / or activity fees may reduce earnings. APY = Annual Percentage Yield. The Annual Percentage Yield (APY) assumes interest remains on deposit until maturity. A withdrawal of interest or any withdrawal may reduce earnings and a penalty may be applied on some accounts for early withdrawals. A minimum balance is required on all checking accounts (except FirstOak checking). Interest Rates subject to change daily. 1 Benefits are available to personal checking account owner(s), and their joint account owners subject to the terms and conditions for the applicable Benefits. Some Benefits require authentication, registration and/or activation. Benefits are not available to a "signer" on the account who is not an account owner or to businesses, clubs, trusts organizations and/or churches and their members, or schools and their employees/students. 2 Special Program Notes: The descriptions herein are summaries only and do not include all terms, conditions and exclusions of the Benefits described. Please refer to the actual Guide to Benefit and/or insurance documents for complete details of coverage and exclusions. Coverage is provided through the company named in the Guide to Benefit or on the certificate of insurance. Insurance Products are not insured by the FDIC or any Federal Government Agency; Not a deposit of or guaranteed by the bank or any bank affiliate. 3 Credit Score is a VanlantageScore 3.0 based on single credit bureau data. Third parties may use a different type of credit score to assess your creditworthiness. Once you have activated credit file monitoring, you may request your credit score. Once you have done so, you will have access to your score on a monthly basis. 4 Credit Score Tracker: Once credit file monitoring has been activated and you have requested your first credit score, you may request a new credit score each month to be plotted on your Credit Score Tracker graph. Monthly email notifications will be sent to let you know when your new score is available.
